DIGITAL SIGNAGE PLAYER

CE FCC RoHS

Small, power industrial digital signage player that supports 4K 60FPS. Thanks to the small and slim design, it can be easily mounted behind any TV or screen. For an easy setup, simply connect the player to an existing TV or LCD player and connect the box to the internet. The configuration of the box, choosing the display layout, and uploading contents can all be done online.

KEY FEATURES

- Small, Rugged Design (Metal Box)
- Powerful CPU (Quad-core Cortex A17 1.8GHZ)
- Support 4K @60 FPS
- Remote Management
